

# SAFETY ENHANCEMENT

## Retrofit of the GTX 345DR (diversity) transponder

Benefit from the latest enhancement for your TBM

### GTX 345DR Installation kit

With the introduction of Garmin's GTX 345DR transponder, Daher provides the upgrade for aircraft operators looking to satisfy transponder diversity requirements within Canadian and European airspace.

This transponder also meets ADS-B Out requirements throughout the world.

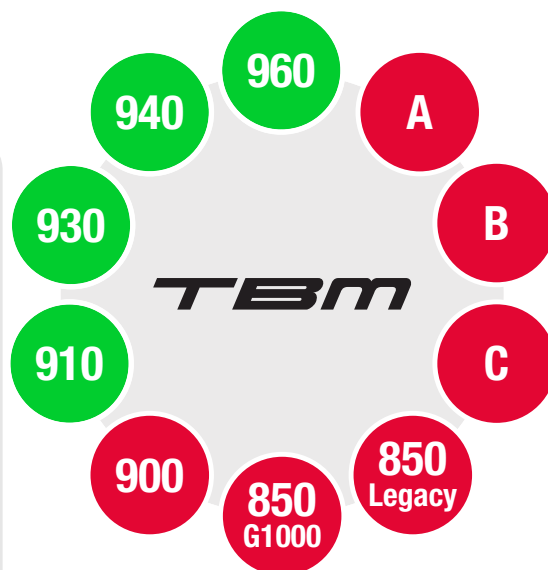

**Note: Hardware only; software to be loaded separately as per the relevant SB**
